

Mathematics

PROBLEM SOLVING

Show your strategies for working out the problems.

You have 20 jellybeans.
Each quarter of the cake should have the same number of jellybeans on it.

How many jellybeans go on each quarter of the cake?

Mary has some pens.
She was given another 34 pens and now she has 92 altogether.

How many pens did she have in the beginning?

Tina buys 7 packs of drinks.
Each pack has 6 cans.

How many cans is that altogether?

Bobby has an iPod with some songs on it.
He downloads another 158 songs and he now has 194 songs in total.

How many songs were on his iPod when he first got it?

Maths

Practise your skills using Mathletics. Spend around 20 minutes each night on Mathletics to brush up your basic facts knowledge

Reading Log

Keep up your daily reading log - write down how many pages you read each evening.

Date	Title
Monday	
Tuesday	
Wednesday	
Thursday	

From the Teachers:

- A big thank you to all who came to support our Cross Country. It was a great morning. Congratulations to; Katie, Tilly and Rachel for making the school team.
- Home Reading** –Students are now reading longer books at school and some children are reading chapter books. It is important that children still read every night, however if the school reader is too long, it can be split over several nights. Also, children can read a chapter of their book each night, instead of their reader from school. The Reading Log should still be completed by the student's each evening.

Year 4 Homework T3 Week 7 Please return to school on Friday 8th September Parent/Guardian_____
